HAVE QUESTIONS? There will be an allotted time following the live presentation for a Q&A session. Unaddressed questions will be reviewed by management and responded to accordingly. You may submit your question(s) beforehand in the registration form (linked above) or by email at: xtract1@rbmilestone.com.

About Xtract One

Xtract One Technologies is a leading technology-driven threat detection and security solution leveraging AI to provide seamless and secure patron access control experiences. The company makes unobtrusive threat detection systems that enable venue building operators to prioritize and deliver improved patron experiences while providing unprecedented safety. Xtract One's innovative Multi-Sensor Gateway product enables companies to covertly screen for weapons at points of entry without disrupting the flow of traffic. Its AI-based software allows venue and building operators to identify weapons and other threats inside and outside of facilities, and receive valuable intelligence for optimizing operations.
